

## Computing

We are going to continue to follow the BBC Bitesize computing curriculum on Digital Literacy. Each lesson is relatively short and often they contain games, interactive programs or video clips to support your child's learning.

We will now move onto the next two lessons:

Lesson 3: What is the internet?

<https://www.bbc.co.uk/bitesize/topics/zymykqt/articles/zgwnsbk>

There is a short video to watch.

Can you make a list of all the things that can connect to the internet?

Lesson 4: How do people use computers at work?

<https://www.bbc.co.uk/bitesize/topics/zymykqt/articles/zcmyvcw>

Again, there is a short video to watch.

Can you make a list of how members of your family use the computers at their place of work?

Please click on the links which will take you to the correct pages.
