Computing: Safer Internet Day

1- Click on this link to **watch the virtual assembly:**

2- Complete the **online jargon matching activity** from the folder to make sure you are aware of the 'lingo' that people may use when talking about internet safety

3- **Watch this film** where children discuss what they trust online:

4- We are going to demonstrate how difficult it may be to trust what you hear online by playing a simple game together over the next few weeks.

Be prepared for this game by writing down **2 truths and 1 lie** about yourself. We will take it in turns, without any clues, to try and guess which of your statements is a lie. Don't make them too obvious!

Here are three statements about me to get you thinking:

Which are true and which is a lie? I will let you know when I next see you!

- a- I have parachuted out of an aeroplane on my own
- b- I have done a tandem sky dive
- c- I have flown a plane

Good luck!

See you tomorrow,

Mrs P
