

## Class 5 English

**Monday 1<sup>st</sup> February**

**Spend an hour on your English tasks this morning, just like we would in class.**

You should already have your **NNS quiz** in your English book for today and a date underlined.

- 1- **Quick write**- in today's quick write, you are going to imagine you are Kester at the point we have got to in the story so far. Remember we have just read chapter 10 where he has encountered the animals in the Ring of Trees and the stag is threatening him:

*"No human may enter the Ring of Trees," it snarls. A wet nose runs all over my back and neck, snuffling and sucking. "There is no point talking to this thing." Then another hissing breath. "We must destroy it."*

Continue the narrative from this point, **writing in the first person as Kester**. Can you convey, through detailed description, how Kester is feeling at this point and what he may be thinking, hoping or planning?

Spend **10 minutes writing** and **5 minutes editing** using your **targets**.

- 2- Complete the **spelling mat** for today's SOTD
- 3- Complete the **homophone activity** sheet from the English folder- **answer in your English book please, not on the sheet. Please write a title and underline it with a ruler.**

**See you later when we can share a few quick writes.**
