

Digestion

Video links:

1. A friendly cartoon version you have probably seen before:

“Digestive System for Kids” (4 minutes)

<https://www.youtube.com/watch?v=C5EeTyP3fAo>

2. A slightly more technical one:

“How Your Digestive System Works” (5 minutes)

<https://www.youtube.com/watch?v=Og5xAdC8EUl>

3. A camera’s view of digestion happening inside the body:

“Operation Ouch – Digestion” (5 minutes)

<https://www.youtube.com/watch?v=AX34MoaLmzE>

1. The digestive liquid called bile is made in:
 - a) The stomach
 - b) The small intestine
