

This is an SOS from the kids

This is an SOS from the kids

All the grown-ups take note of this

We're finding our voice, calling you out

You can't leave the world in the fire and drought

This is an SOS from the kids

(all) Please change the story, rewrite the plot

This beautiful Earth cannot be lost

Stop hurting our planet

Like you don't care

There's only one world for us to share

This is an SOS from the kids

All the grown-ups take note of this

Wake up and see that you must make a change

The riches you seek will be washed away

This is an SOS from the kids

(all) Please change the story, rewrite the plot

This beautiful Earth cannot be lost

Stop hurting our planet

Like you don't care

There's only one world for us to share

(spoken verse)

Don't listen to the fat cats

They only want their cream

Always needing oil for feeding their machines

We must care about the animals, care about the trees

I'll need help from you

You'll get help from me

(all)

**Please change the story (please change the story),
rewrite the plot**

This beautiful Earth cannot be lost (cannot be lost)

Stop hurting our planet

Like you don't care

There's only one world for us to share.

This is an SOS from the kids

We can do better than this
