

Draw with Rob Biddulph

Follow Rob's online drawing tutorials on [YouTube](#). You could follow along drawing a unicorn, a dinosaur, an alligator, a racing car, an owl, a lion and many more.

The British Library Miniature Books

The British Library is encouraging children to create and write their own miniature books.

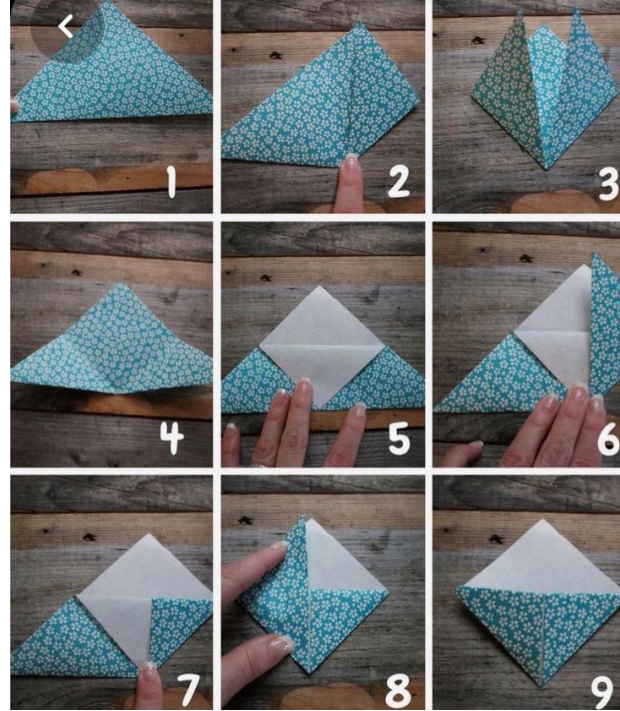

Why not have a go at creating one yourself?

More information and instructions can be found [here](#).

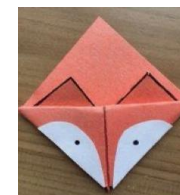

Origami Bookmarks

Follow the pictures below to create your origami bookmark. You will need to start with a square piece of paper (not too small!).

Once you have created your bookmark, don't forget to decorate it.

Can you create an owl? A shark? A penguin? A fox? A panda? A Harry Potter themed bookmark?

**Create a colourful elephant
empty plastic milk bottles.**

Cut the milk bottle into an elephant shape (instructions can be found online) and glue tissue paper or coloured card/paper onto it. Or you could paint it.

**Create a recycled
collage**

Using any recycled materials, create a collage of your choice.

**Create a pattern by drawing
around your family member's
hands.**

Draw around your family member's hands, each hand overlapping, and then colour all of the different segments with a different colour or pattern.

**I'd love to see anything you create if you want to share anything to
teacher@kingslandengland.hereford.sch.uk**
