

## DAY FOUR

### Ordering Money

**Activity 1:** Compare using  $<$ ,  $>$  or  $=$

- |    |       |        |
|----|-------|--------|
| a) | 2756p | £26.57 |
| b) | 8356p | £83.65 |
| c) | 6769p | £69.67 |
| d) | £5037 | 5307p  |

**Activity 2:** Order the amounts in ascending/descending order.

Ascending order:	130p	£0.32	132p	£13.20
Descending order:	257p	£2.50	2057p	£25.07

**Activity 3:** Zach, Rosie and Malachi are buying toys. How much money could Malachi have? Is there only one answer?

**Zach:** *"I have £5.43"*

**Rosie:** *"I have 534p"*

**Malachi:** *"I have more money than Rosie but less than Zach."*

**Activity 4:** What would you rather have, five 50p coins or eleven 20p coins?

Explain your answer fully.
