A 10x10 grid with a blue line forming a path from the bottom-left to the top-right. The path starts at the bottom-left corner (row 10, column 1) and moves horizontally to the right to the bottom-right corner (row 10, column 10). From there, it moves vertically upwards to the top-right corner (row 1, column 10). Finally, it moves horizontally to the left to the top-left corner (row 1, column 1). The path is composed of three segments: a horizontal segment at the bottom, a vertical segment on the right, and a horizontal segment at the top.
