There are many highlights of our recent SIAMS report. Here are just some of them ...

The deeply embedded Christian values of the school and its inclusive ethos have a significant impact on children's lives and actions.

As a result of the school's Christian ethos, behaviour is of a very high standard and relationships are exemplary.

Highly imaginative and effective teaching in religious education (RE) ensures that children have an excellent understanding of and respect for difference and diversity.

Clear teaching in collective worship, reinforced by focused periods of reflection, ensures that children learn the deep meaning of stories from the Bible and are able to apply these when making choices in their lives.

As a result of outstanding teaching and a rich curriculum, children develop an exceptional ability to analyse, interpret and reflect by the time they reach the end of Year 6, and have done so consistently over many years.

The headteacher's principled, caring leadership empowers staff to develop their own leadership skills and creates excellent capacity for Kingsland to continue to grow as a church school in the future.
