

	What do you enjoy most about computing?	Tell me about a Computing lesson you have enjoyed.	Tell me something you have learnt about in computing.	How could we improve computing lessons?
Class 2	Colouring and drawing on paintz.net.	Practising to use the keyboard on the iPad.	Learnt the different parts of laptops and computers.	1 iPad each.
Class 3	Using iPads for photography.	Use of the camera function on an iPad.	Learnt about the importance of asking for permission to take a photograph of someone.	Would like 1 iPad each.
Class 4	Using the iPads and particularly enjoys typing. Also using iPads in science lessons.	Understanding and learning about the use of computers in traffic systems and ordering and collecting in warehouses.	Learn the necessary steps to fill in for an order to be placed and dispatched. Also using QR codes to access information.	Not enough iPads.
Class 5	Using the Curve app on the iPad.	Using Curve to make and design an object. Then being able to test that object.	That computers can have advantage over using pencil and paper when designing.	Time to explore more. Also, to have 1 iPad each.
