

Geography Pupil Voice
13th January 2023

1) Do you enjoy Geography?

2) What do you know about Geography?

- It is about countries
- You learn about all around the world
- Making maps
- What's happening in the world and different cultures

3) Why is Geography important?

- It is respectful when you visit people's countries and when you meet people from different countries like at our school
- You learn about the whole world
- You can learn about the issues in different countries and can try and help people

4) What have you enjoyed learning about in Geography?

- Oceans
- British empire and colonisation of countries
- Different countries that we didn't know about
- Newsround- On happy news it shows the different things happening in the different countries
- Guess the county in Class 2- we get to learn about a new country each week
- Worldle in Class 5- we have a map and have to try and guess the country using our understanding on continents.
