

Design a park

You have been given the opportunity to design your very own park. What 5 things / pieces of equipment would you choose to put in your park?

You might include equipment like a slide, swing or roundabout. Or you might want to include bigger things like a pond or woodland area.

On the next page, I would like you to draw and colour the 5 things you would like in your park and tell me why you have chosen them.

Remember the 3 Golden Rules

1. Capital letters
2. Full stops
3. All sentences make sense

Maybe afterwards you would like to draw and colour the whole of your park with all 5 things included in the picture.

What would you
put in your park?
